

Chicago Midwest Section of AACE International

ILCLE Seminar Friday, December 19, 2008

PRESENTED BY: ILCLE

SUMMARY: Chicago - Fri, Dec 19, 2008 - UBS Tower

9:00am - 5:00pm

(Approx. 6.0 CLE hours with .75 professional responsibility credit applied for.)

Don't miss this unique opportunity to interact with public and private owners, contractors, architects, professional engineers and their legal counsel.

The program's agenda will cover:

- Scheduling terminology and concepts
- Contract negotiations as they relate to delay, disruption and interference
- Techniques and methods used to demonstrate delay impact
- Calculating for contractor's and owner's damages
- Using industry efficiency studies in delay claims
- Ethical Considerations

A program for public and private owners, contractors, architects, professional engineers and their legal counsel.
